

C. Reebop Genetics

Within these Reebop traits, there are 6 exceptions to Mendel's Laws. Identify these traits, the law they defy, and identify/define what concept they illustrate.

Reebop Trait	Mendel's Law Defied	Concept & Definition
Antennae Size	Dominance/Recessiveness	Codominance
Nose Color	D&R	Incomplete Dominance
Legs	Independent Assortment	Sex-Linked
Body Segments/Eye Color	Independent Assortment	Linkage Group
Gender Indicator	D&R	Epistasis
Tail	D&R	Sex-Influenced
